Part 6. Cold Weather Rule Protections

If you receive energy assistance, you pre-qualify for Cold Weather Rule protection from October 15 to April 15. You must call your energy companies to activate this protection. This protection helps restart your service for the heating season and stop the energy companies from shutting off your heat between October 15 and April 15. You must make and keep a payment agreement to stay protected. Energy assistance does not replace what you need to pay.

Please answer these questions and take the steps needed based on your answers.

I did contact my energy companies and have payment agreements. If *No*, please contact your energy companies at once to make payment plans. YES NO

I did contact my energy companies to enroll in their discount programs. If *No*, call your energy companies today to find out what they offer. Not all energy companies have discount programs.

Does anyone in your home have an illness that requires heat and/or electricity? If *Yes*, you may need to submit a doctor's statement to your energy companies.

To get all these protections, you must contact your energy companies and make and keep a payment plan. If you miss a payment, you lose your protection and you could lose your heat.
