

“A Window of Hope”

HIV/AIDS Awareness Dinner

**Sheila Mills
Guest Speaker**

Each year there are more and more new HIV infections, which shows that people either aren't learning the message about the dangers of HIV, or are unable or unwilling to act on it.

Join Community Action of Minneapolis for an informative evening on HIV/AIDS and dinner at the Gale Mansion. Leave educated and willing to act to decrease the number of new infections in our community. This event is FREE and open to the public.
